25X1 [redacted] Bill Woodruff, Senate Appropriations Committee staff, called to say that Senator Russell would like the Director to present an intelligence briefing to the Defense Appropriations Subcommittee next Monday or Wednesday. Woodruff said they were particularly interested in Soviet and Chinese Communist strategic offensive and defensive weapons systems. He said they preferred to have Secretary Clifford appear on Monday and the Director on Wednesday in two-hour briefing sessions but indicated he would like to know the Director's availability on both Monday and Wednesday for scheduling purposes. After checking with the Director, I advised Woodruff that the Director was available on either date and that we would proceed on the basis that it would be Wednesday unless he advised us to the contrary. Woodruff said he would be back in touch with us later today or tomorrow morning.

25X1 [REDACTED] Mr. Frank Fortune, in the office of Representative Thaddeus J. Dulski, called to say that the Congressman's office had been queried about "Who's Who in CIA" and would like some background guidance for a response. I explained to Mr. Fortune that we had examined this publication and found it highly inaccurate, misleading and obviously intended to serve the Communist purpose of exaggerating the Agency's size and scope and of casting suspicion on all elements of American representation abroad.
